3 rd year																																																																																																																					
Systematic Semester	ECTS																																																																																																																				
Microbiology, Virology	5																																																																																																																				
Clinical Chemistry, Laboratory Diagnostics	8																																																																																																																				
Immunology	5																																																																																																																				
Pathology	6																																																																																																																				
Pharmacology, Toxicology	6																																																																																																																				
Radiology, Radiotherapy, Radiological Protection	4																																																																																																																				
Introduction to clinical medicine	ECTS																																																																																																																				
History, Theory and Ethics of Medicine	2																																																																																																																				
Introduction to Clinical Medicine and Diagnostics	6																																																																																																																				
Core Clerkship Surgery	1																																																																																																																				
Society and Health	ECTS																																																																																																																				
Epidemiology, Medical Biometry and Medical Informatics	4																																																																																																																				
Health Economics, Health System, Public Health	2																																																																																																																				
Clinical Environmental Medicine, Prevention, Health Promotion, Hygiene	3																																																																																																																				
Social Medicine	1																																																																																																																				
Emergency Medicine Part 1	1																																																																																																																				
Scientific Research incl. Research Project	7																																																																																																																				
4 th year																																																																																																																					
Clinical Medicine	ECTS																																																																																																																				
Surgery	10																																																																																																																				
Internal Medicine	24																																																																																																																				
Transfusion Medicine	1																																																																																																																				
Infetious Diseases	3																																																																																																																				
Clinical Pharmacology / Pharmacotherapy	4																																																																																																																				
Theory Weeks																																																																																																																					
*Theory Weeks are obligatory if one of the subjects of the modules „Nerves and Senses“ and „Gender and Skin“ is chosen																																																																																																																					
Nerves and Senses*	ECTS																																																																																																																				
Ophthalmology	3																																																																																																																				
ENT	2																																																																																																																				
Neurology	6																																																																																																																				
Psychiatry and Psychotherapy	6																																																																																																																				
Psychosomatic Medicine and Psychotherapy	2																																																																																																																				
Gender and Skin*	ECTS																																																																																																																				
Dermatology, Venerology	5																																																																																																																				
Gynaecology, Obstetrics	5																																																																																																																				
Human Genetics	2																																																																																																																				
Urology	3																																																																																																																				
5 th year																																																																																																																					
Paediatrics	ECTS																																																																																																																				
Paediatrics	4																																																																																																																				
Core Clerkship Paediatrics	2																																																																																																																				
Advanced Clinical Training	ECTS																																																																																																																				
Core Clerkship Gynaecology	2																																																																																																																				
Core Clerkship Internal Medicine	5																																																																																																																				
Acute Diseases	ECTS																																																																																																																				
Anesthesiology	5																																																																																																																				
Geriatrics	1																																																																																																																				
Forensic Medicine	2																																																																																																																				
Accidents, Rehabilitation Medicine, Physical Medicine, Naturopathy	4																																																																																																																				
Emergency Medicine Part 2	2																																																																																																																				
Chronic Diseases	ECTS																																																																																																																				
Family Medicine	3																																																																																																																				
Core Clerkshop Family Medicine	3																																																																																																																				
Palliative Care	1																																																																																																																				
Pain Therapy	1																																																																																																																				
Occupational Medicine	2
