Erasmus at the School of Medicine: the pioneer!

Thanks, Paola!

Students' interest is increasing

Erasmus for Study calls

“students who decide to go abroad on Erasmus show significantly higher values of personality traits than those who choose to stay home”

Erasmus Impact study 2016

Professional Education		
Speech and Language Therapy		

Student mobility is increasing

www.almalaurea.it

“The mobility experience itself brings a **positive change** in the personality traits of Erasmus students. The average change achieved in six months through the Erasmus programme can be considered equivalent to a personality change that would normally happen over four years of life without Erasmus experience.”

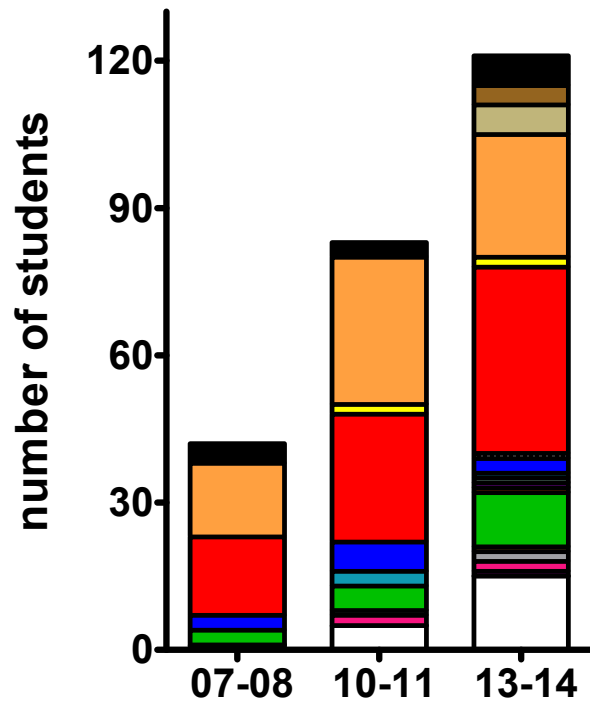

Erasmus Impact Study 2016

Mobility connects people

Erasmus makes people more international, even in their private lives.
Erasmus Impact study 2016

Umberto Eco

**It's culture, not war,
that cements
European identity**
