University of Crete

► Student Support Services

University of Crete

► Academic Counselor in Medicine

For every 1st year student of the Medical School, one faculty staff member is appointed, in order to offer their services as academic counselors from the very beginning until the end of the students' studies

University of Crete

- **there are 127 faculty staff members for about 150 students every year !**

University of Crete

► They guide and support students with:

their programme of study and personal problems, which may hinder their studies.

they try to show the student the best way possible to achieve personal goals, on every level of their studies.

during advanced years counselors help the students plan their future professional life.

University of Crete
