

**ANNUAL GENERAL MEETING**  
**JOINT WITH**  
**STAFF TRAINING**  
**3rd to 5th of May, 2018**

THE ECTS MA EXECUTIVE BOARD AND THE UNIVERSITY OF CRETE,  
FACULTY OF MEDICINE, CRETE,  
HAVE THE PLEASURE TO INVITE YOU TO THE

**ECTS MA ANNUAL MEETING 2018 IN CRETE**

The **University of Crete** is committed to excellence in research and teaching.

The **international orientation** of the University is reflected in its track record of collaborations with many of the leading research and educational institutions in Europe and worldwide. The University was selected by the Commission in **2010** as an **Erasmus Success Story**. Crete currently benefits from an academic and technological environment of international standards, which has been built up over the last 40 years through a cluster of research orientated institutions. **The Medical School** of the University of Crete was established in 1983. Since 1989, on its new campus, one of the biggest medical and research complexes in Greece it is located about 7 km from Heraklion city centre. The campus includes a spacious and functional 24,000 square meter, ten-wing building and a modern, well-equipped **University Hospital**. The Medical School of the University of Crete has always aspired to become a **modern teaching and research centre** committed to excellence in **education and training of students, physicians and biomedical scholars**. Since its inception, it has established a great number of activities and interventions in education, research, and health care and has collaborated with scientific and social sectors in Greece and abroad. The School has achieved international recognition, as evidenced by the participation of several of its faculty members in the executive boards, administrative committees and councils of European or World scientific associations and professional organizations. Several Divisions of the School and individual faculty members have longstanding collaborations with the **World Health Organization** and the **Commission of the European Union**. The University Hospital of Heraklion is closely connected to the School of Medicine providing **the highest level of clinical training and education** as well as outstanding secondary and - mainly - tertiary **specialized health care** to the people of Crete and the southern Aegean islands
